About Cane-line

Furniture for every project

Cane-line offers a unique collection of furniture for both indoor and outdoor matching three price categories; medium, premium and luxury.

All weather & low maintenance

With spaces under the open sky, low maintenance and easy cleaning is an asset value in itself. From design to the selection of materials, all furniture is produced with a long life span.

Our Cane-line QuickDry & Airflow system with QuickDryFoam® offers comfortable furniture with an indoor feel and look and with features of weather resistant outdoor furniture. The cushions dry shortly after a downpour. The QuickDryFoam® core has anti-bacterial protection reducing the risk of mould and mildew.

Registered materials

Innovators of the Cane-line Weave®, the Cane-line QuickDry & Airflow system, Cane-line Tex®, Cane-line SoftTouch®, Cane-line AirTouch etc. All trademark registered materials and techniques. All materials based on Cane-line's full dyed technique and scoring 5/5 in UV testing and allowing for repairs on all woven materials.

Memory function

Precision and flexibility in materials with spring-back function in Cane-line Weave®, Cane-line Tex®, Cane-line Rope and foam – preventing materials from breaking, collapsing and slipping over time.

Frame construction

Unique Cane-line frame construction, strengthened in any exposed part of the construction. Full welded frames, reinforcement of all critical and weak spots on the individual piece of furniture. To a large extent, products can therefore be repaired.
