What makes Cane-line unique

Furniture for every project

If you are looking for a furniture supplier, to help you complete the furnishing of your project – no matter the budget, Cane-line offers a unique collection of furniture to match 3 price categories; medium, premium, luxury. Without compromising on the quality and the unique Cane-line outdoor functionality. In all categories, lounge, dining, relax and lifestyle accessories we offer products in both a medium, premium, luxury price range.

All weather & low maintenance

With spaces under the open sky, low maintenance and easy cleaning of the furniture is an asset value in itself. From design to the selection of materials, all furniture is produced with a long life span. Our special Cane-line QuickDry & Airflow system with QuickDryFoam® offers a collection of comfortable furniture with an indoor feel and look, but with the features of weather resistant outdoor furniture, which allow cushions to dry shortly after a downpour. The QuickDryFoam® core also has anti-bacterial protection, reducing the risk of mould and mildew forming on the cushions.

Experience and registered materials

Innovators of the Cane-line Weave®, the Cane-line QuickDry & Airflow system, Cane-line Tex®, Cane-line SoftTouch®, Cane-line AirTouch etc. All trademark registered materials and techniques. All materials based on Cane-line's full dyed technique - scoring 5 out of 5 in UV testing and allowing for repairs on all woven materials.

Memory function

Precision and flexibility in materials with spring-back function in Cane-line Weave®, Cane-line Tex®, Cane-line Rope and foam – preventing materials from breaking, collapsing and slipping over time.

Frame construction

Unique Cane-line frame construction, strengthened in any exposed part of the construction. Full welded frames, reinforcement of all critical and weak spots on the individual piece of furniture. To a large extent, products can therefore be repaired.

Intelligent foam

Intelligent memory foam with high density. Special QuickDry & Airflow system with draining/ventilation technique.

Surface protection

All surfaces are produced with high quality powder coating, allowing products to be used in the cruise industry. IMO tested. Solution dyed UV resistant fabric composition. Development and use of unique solution dyed exclusive stain and weather resistant Cane-line fabrics. Guarantees the highest possible UV and weather resistance.

Comfort

All Cane-line products offer the unique Cane-line "comfort-zone". Every product is tested by specialists to ensure that you "sit in a chair" not "on a chair" – allowing for both short term and long term comfortable seating.

Availability guarantee

Timeless, long lasting design which remains in production for many years. Hampsted, Chester among others have been in production for more than 10 years. This allows for supplements and possible refurbishments, year after year.
